FINANCIAL GROUP

Financial Security. Custom Designed.

To Whom It May Concern:

Close-Up T.V. News created a very wonderful segment for Forest Hills Financial Group. Through each step of the way from the initial meeting to the taping, the staff and crew were courteous and professional. I believe that our agency was portrayed accurately and I appreciate that Doug took the time to understand how we run our business so that his report was clear and factual.

The cd's and business cards are a huge marketing hit. I am excited about this segment airing next month and the testimonials were a great addition to the piece.

It was truly a pleasure to work with you,

Sincerely,

Nathan M. Perlmutter, CLU,ChFC
